2025 NE Exhibition Health Certificate Rules

Special Notes:

Due to the continuing US outbreak of Highly Pathogenic Avian Influenza (HPAI), Animal Health Officials from all six New England States are united in advising the following for agricultural fairs, competitions, exhibitions, shows, swaps, or other in-person events that encourage the gathering or co-mingling of birds and/or cattle:

Avian species

The New England State Veterinarians strongly discourage the exhibition of domestic and wild waterfowl species and may recommend delaying or canceling domestic fowl or poultry shows. If events are held, best practices for biosecurity should be implemented.

Bovine species

The New England State Veterinarians strongly discourage the exhibition of any bovines, including both dairy and beef cattle, that have been present in any state at the time that state had a current outbreak of HPAI in cattle. Bovines that have been shipped from currently affected states in 2025 should not be allowed on the premises of New England fairs or shows. Moving to or from an affected state for any reason will void any New England Fair and Show Season Official Certificates of Veterinary Inspection (OCVIs) that have been issued for such cattle for the remainder of the 2025 season.

The states currently affected by HPAI in cattle can be found on the USDA website: https://www.aphis.usda.gov/livestock-poultry-disease/avian/avian-influenza/hpai-detections/hpai-confirmed-cases-livestock

The USDA APHIS Veterinary Services Federal Order Requiring Testing for and Reporting of Highly Pathogenic Avian Influenza in Livestock issued on April 24, 2024, remains in effect. It can be found on the USDA website: www.aphis.usda.gov/sites/default/files/dairy-federal-order.pdf

A plan for managing lactating dairy cattle (LDC), including the handling of milk collected at the exhibition facility, should be in place for all fairs and shows where LDC will be on the premises. The state veterinarian's office can provide assistance developing a plan.

All species

Animals of all species susceptible to HPAI are potentially subject to quarantine as ordered by the State Veterinarian if HPAI is detected on a premises where the animal is or was exhibited.

If HPAI is detected in cattle in any New England State, the Agreement between the New England State Veterinarians to allow the use of a single, fair and show season OCVI for New England animals being exhibited in New England will be voided. All exhibited animals would need to be accompanied by an OCVI issued by an accredited veterinarian within 30 days of being checked in at the show premises and/or other state import requirements.

Best biosecurity practices for all species should be implemented.

Contact the state where animals will be exhibited for the latest updated information.

General Requirements for all Species

Currently an Official Certificate of Veterinary Inspection (OCVI) is required for each state for every animal movement across state lines. Animals crossing state lines must be properly (officially) identified per federal and state Animal Disease Traceability (ADT) requirements. Each state to which an animal travels needs to be contacted to verify that all traceability and movement permit requirements are met before shipping.

Recognizing that during the agricultural fair and show season exhibition animals may be moving to multiple states and locations within a state, the New England state veterinarians, working through the New England States Animal Agricultural Security Alliance (NESAASA), have developed a protocol to facilitate animal movement. The New England State Veterinarians have agreed to allow a show/fair certificate to be valid for the 2025 show season provided the OCVI complies with all federal and state ADT rules.

One OCVI may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and ***VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.

Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter time and may have additional language, movement, and permit requirements. See details below.

For the 2025 Show and Fair Season, livestock animals being exhibited in New England states must have OCVIs that meet the following requirements

- <u>CT, MA, ME, and RI:</u> OCVIs issued on or after January 1, 2025, may be used for animals being shown at fairs and shows in CT, MA, ME, and RI through the 2025 show/fair season ending October 31, 2025.
 - o <u>Special Note on The Big E, West Springfield, MA:</u> All bovines must have official USDA RFID tags,
- *CT and ME: An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture (860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.
- **NH: Animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2025, to participating NH fairs and shows from July 1 to October 31, 2025. Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.
- ***VT: The fair season is defined as May 1- October 31, 2025. Contact the VT Animal Health Office (802- 828-2421) for specific import requirements and permits.

Requirements. Continued:

- A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited.
- Multiple animals of the same species may be listed on one OCVI with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.
- A copy of this planned itinerary must be attached to the OCVI (import and export) for it to be used for more than one fair or show.
 - o That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
 - o Electronic OCVIs must include this list of exhibition names, addresses, and dated in the "remarks and comments" section
- The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" along with "New England Fair Season" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- Exhibitors must keep an accurate list of the show locations and dates when their animals were physically on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check- in.
- Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2025 for health reasons it must have a new OCVI issued by an accredited veterinarian within 30 days of the next interstate movement.
- Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

Remember: One certificate for shows in CT, MA, ME, NH, RI, and VT. Contact each state for specific requirements. Import permits are issued by each individual state and must be listed on the OCVI. The list of events, with dates and locations, where the animals are expected to be shown must accompany the OCVI. Use one certificate per species. All animals must be listed individually, with appropriate official ID numbers and physical descriptions.

Sick animals may not be shipped anywhere.

Please contact the destination state for import/ exhibition permits or with any questions about movement requirements:

Adult Recipe Contest

Chocolate Zucchini Cake

Ingredients:

- 2 cups all-purpose flour
- 1 cup granulated sugar
- 1 cup light brown sugar firmly packed
- 1 ½ teaspoons baking soda
- ½ teaspoon table salt
- ½ cup natural cocoa powder
- ½ cup steaming hot or boiling water
- 10 Tablespoons melted butter
- 1 cup sour cream
- 2 large eggs lightly beaten
- 2 teaspoons vanilla extract
- 1 1/2 cups shredded zucchini

Frosting:

8 oz cream cheese softened

- ½ cup unsalted butter softened
- 2 ½ cups powdered sugar
- ⅓ cup cocoa powder
- 34 teaspoon vanilla extract
- 1/8 teaspoon table salt
- 2 Tablespoons mini chocolate chips for topping

Instructions:

For Cake

- 1. Preheat oven to 350F (175C) and lightly grease two 9 inch baking dishes with butter.
- In a large mixing bowl, whisk together flour, sugars, baking soda, and salt until wellcombined.
- 3. Pour cocoa powder into a separate, heatproof mixing bowl and then pour hot/boiling water overtop. Whisk until smooth.
- 4. Add butter and whisk until combined.
- 5. Add sour cream, egg, and vanilla extract and whisk well.
- 6. Add dry ingredients to the wet and use a spatula to gently fold ingredients together until about halfway combined. Add zucchini and continue to stir until ingredients are well incorporated and batter is uniform – do not overmix or cake will be dense and dry.
- Spread batter evenly into prepared pans and transfer to center rack of 350F (175C) oven and bake for 25-32 minutes and until a toothpick inserted in center comes out clean or with moist crumbs. Allow cake to cool completely before covering with frosting.

For Frosting

- 1. Combine cream cheese and butter in a mixing bowl and stir until smooth and creamy. Gradually add powdered sugar and stir until combined.
- Stir in cocoa powder.
- 3. Add vanilla extract and salt and stir until smooth and well combined.
- 4. Spread frosting evenly over cooled cake (I ice it directly in the pan) then sprinkle with mini chocolate chips for decoration. Slice and enjoy.

Youth 9-13 Recipe Contest

Zucchini Chocolate Chip Cookies

Ingredients:

- 1 cup (130g) shredded zucchini (lightly blotted, see step 1)
- 2 cups (170g) old-fashioned whole rolled oats*
- 1 cup (125g) all-purpose flour (spooned & leveled)
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1 teaspoon ground cinnamon
- 1/2 cup (8 Tbsp; 113g) unsalted butter, softened to room temperature
- 1/2 cup (100g) packed dark or light brown sugar
- 1/2 cup (100g) granulated sugar
- 1 large egg, at room temperature
- 1 Tablespoon pure maple syrup*
- 1 and 1/2 teaspoons pure vanilla extract
- 1 cup (180g) semi-sweet chocolate chips

Instructions

- 1. Lightly blot the shredded zucchini with a clean kitchen towel or paper towel.
- 2. Whisk the oats, flour, baking soda, salt, and cinnamon together in a medium bowl.
- 3. Using a hand mixer or a stand mixer fitted with paddle attachment, beat the softened butter and both sugars together on medium speed until creamy, about 2 minutes. Add the egg and mix on high until combined, about 1 minute. Scrape down the sides and bottom of the bowl as needed. Add the maple syrup and vanilla and mix on high until combined.
- Add the dry ingredients and the zucchini to the wet ingredients, then mix on low speed until combined. With the mixer still running on low speed, beat in the chocolate chips.
- 5. Cover and chill the dough in the refrigerator for at least 2 hours (and up to 4 days). If chilling for longer than a few hours, allow to sit at room temperature for at least 30 minutes before rolling and baking because the dough will be quite hard.
- 6. Preheat oven to 350°F (177°C). Line baking sheets with parchment paper or silicone baking mats. Set aside.
- Scoop or roll cookie dough, a heaping 1.5 Tablespoons of dough per cookie and place 3
 inches apart on the baking sheets. Bake for 13-14 minutes or until lightly browned on the
 sides.

- 1. Preheat oven to 350 degrees Grease a 9x5-inch loaf pan with nonstick cooking spray and set aside.
- In a medium bowl, whisk together flour, baking powder, baking soda, cinnamon, nutmeg, ginger, and salt. Set aside.
- 3. In a large bowl, stir together the brown sugar, eggs, and melted butter until smooth. Add the shredded zucchini and vanilla extract and mix until well combined.
- Add the dry ingredients and mix until just combined, don't over mix. Gently fold in 1 cup
 of the chocolate chips.
- 5. Pour the batter into the prepared loaf pan and sprinkle turbinado sugar over the top. Top with the remaining ¼ cup of chocolate chips. Bake until golden brown and a toothpick or cake tester comes out clean, about 50 to 65 minutes.
- 6. Remove the bread from the oven and let sit in pan for 10 minutes. Loosen with a bread knife around the edges and carefully remove the bread from the pan. Cool completely on a cooling rack before slicing
